ABOUT ME

I am a Front-End Developer with 1.5+ years of experience specializing in React.js, Next.js, TypeScript, and TailwindCSS. I've worked on SaaS dashboards and learning platforms, focusing on clean, maintainable code and strong UI/UX. I enjoy building scalable front-end features, collaborating with teams, and continuously learning new technologies.

SKILLS

NextJs, ReactJs, Typescript, Javascript, TailwindCSS, React Query, MUI, ChartJs, Git, Scrum

EXPERIENCE

Toppira, Remote - *FrontEnd Developer*

Sep 2025 - Jan 2026 - 6 Months - [Toppira.com](#)

- Designed and built a responsive multi-page interface in React, ensuring consistent behavior across devices and screen sizes.
- Structured components for scalability and long-term maintainability.
- Managed global and local state using Zustand, optimizing data flow and improving application performance.
- Leveraged React Query for intelligent data fetching, caching, and synchronization.
- Integrated React Router and React Hook Form to enable seamless page transitions and robust form handling.
- Achieved reliable validation, clean UX flow, and improved user interaction.

Qbify, Qazvin - *FrontEnd Developer*

July 2025 - Dec 2025 - 6 Months - Not Open Source

- Built and shipped major front-end features of Qbify using Next.js, TypeScript, TailwindCSS.
- Implemented dashboards, CRUD modules, forms, charts, reusable components.
- Integrated APIs with React Query and optimized UX and performance.
- Collaborated with design and backend teams in an agile workflow.

Horton, Remote - *FrontEnd Developer*

Nov 2024 - June 2025 - 8 Months - hortonapp.com

- Developed the front-end of a language learning website using Next.js, React.js, TypeScript, TailwindCSS, React Query, and MUI.
- Collaborated effectively with the development team, including a senior front-end engineer, following Agile methodologies.
- Designed and implemented a vocabulary management system to identify and display words that users need to review again.
- Built reusable UI components and optimized overall user experience and performance.
- Integrated and managed data using React Query, improving data flow across different parts of the project.

EDUCATION

Azad University, Qazvin - *Computer Engineering*

2025 - Present

Sampad, Qazvin - *Mathematics*

2021 - 2025
